Protecting Tomorrow's Technology in Today's Classroom

Designed specifically for storing, charging, and protecting your virtual reality investment

CONVENIENTLY WIRED

- Pull-out drawer includes easy wire management – wire entire cart in minutes
- Capability to charge the phone in or out of the goggle
- Individual power strips located on each drawer
- Internal auxiliary outlet to power other equipment

USER-FRIENDLY DESIGN

- Power Switch or PowerProdigy for easy charging
- Internal auxiliary outlet available to use to charge other equipment/devices
- Superior chimney-effect ventilation
- Dual front doors for easy access
- User-friendly pull-out drawers promote faster user deployment

SAFE AND SECURE

- ETL Listed to UL 60950-1 standard
- Safety anti-tip design for drawers, only one drawer can be pulled out at a time
- Powder-coated, heavy-gauge steel construction for vault-like security – one of the toughest carts on the market
- Keyed hasp lock for security of all devices
- Extra storage space for router and teacher device

PROTECTION

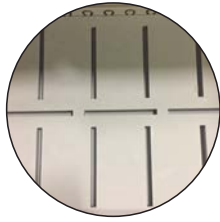

- Store and charge up to 30 goggles and phones from most industry manufacturers
- Durable medium-density foam (7/8") to protect goggles
- Deluxe locking balloon wheels provide best in class mobility
