

## **JUNIOR PROJECTOR VAULT**

**WHILE PROVIDING A BETTER WAY TO PROTECT A PROJECTOR FROM THEFT**  
Compared to any other method, simpler & more functional to use

When you need more sound from the Projector install our new Projector Sound Booster on the Projector's Pole

Shown with our new Optional Pole Mounted 60 Watt Projector Sound Booster Amplifier

By unlocking the Hinged Top Panel the User has immediate access to the Interior

Does not require a Projector Mount

### **USERS WILL BENEFIT FROM THESE EXCLUSIVE & ADVANCED FEATURES**

- Easier access to the interior using a lockable Opening Hinged Panel
- Better Theft Protection as our Design does not rely on Tamper Proof Screws for Security
- Built in Internal 2 AC Receptacles- External Power for the Projector is no longer needed
- Power Supply for the Projector comes from inside the Mounting Pole
- All Power and Data Cable are also hidden from view **at all times**
- Data Cables such as Ethernet & HDMI come into the Projector from inside the 1 ½" dia Pole
- Speaker Cables are also routed inside the Mounting Pole
- This provides a cleaner Installation
- The 3 Position Lens Panel allows Left, Center or Right Lens Positions without Users having to make Lens Panel changes
- Projector is held in place with the the use of Aggressive Self Adhesive Pads eliminating the need for purchasing a Projector Mount
- Available in both Black and White highly Durable Baked Enamel Finish

See overleaf the many features that make the Nigel B Design's Projector Vault the Obvious Choice

## THE INTERNAL DIMENSIONS OF THE PROJECTOR VAULT OF ALMOST 14" H, 14" W, 5 1/4"H

Provides enough space for most popular projectors which can be positioned and firmly held in place using the four Self Adhesive Pads which when attached to the bottom surface of the Projector saving the cost of purchasing a Mount,

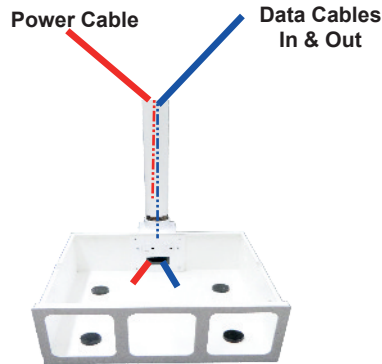

The projector is held in place with 4 Aggressive Self Adhesive Pads, elimination the need for a Mount, saving a Customer up to \$212.00

### MORE INSTALLATION OPTIONS

- Pole
- Unistrut

- Bolted to a Desktop
- Or any Flat Surface

Hanging Option

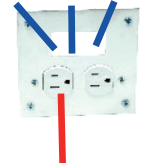

Lid removed to show Pole Mounting

Power Cable & Data Cables come directly through the Mounting's 1 1/2" dia Pole

Other types of Data Cables can be added or substituted

Ethernet HDMI USB

(2) Internal Power Receptacles

Data Cables Enter and Exit through the Mounting Pole directly to the Projector  
The Power Cable attaches directly to the Internal (2) Receptacles (as shown)  
**For added Security No power or Data Cable are ever visible**

### PROTECTING PROJECTORS FROM VIBRATION IN DIIFICULT OR MARINE INSTALLATIONS

Provision is made at the Bottom of the Vault allowing a set of (4) Anti-Vibration Feet to be added where vibration is a concern. For full details of our solution visit [Adjustable Leveling Feet](#)

#### ANTI-VIBRATION ADAPTOR

Adding the Anti-Vibration Adaptor which has been designed specifically for the Projector Vault, will when mounted on the 1 1/2" Dia Mounting Pole, suppresses vibration that is usually created by Building's Heating and Air Conditioning System.

#### HINGED LOCKABLE PANEL\* PROVIDES SUPERIOR ACCESS TO THE INSIDE

Particularly useful when you need to access the interior to change the Projector's Lamp or even the Projector itself. Both are simple tasks that reduce downtime to a minimum.
