

## Model No.

# IEC Series

## Satellite/Cable Power Cords

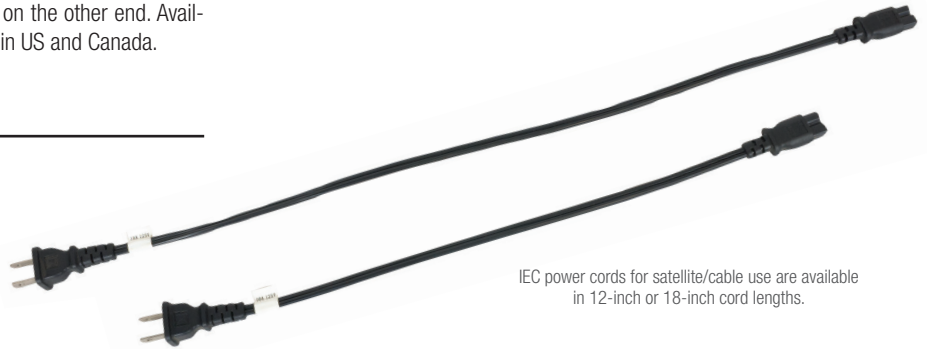

### Description:

Lowell satellite/cable power cords streamline installations by eliminating excess dangles and loops. Cords are 18-gauge flat conductors terminated with an IEC 60320-C7 on one end and NEMA 1-15P straight plug on the other end. Available in 12-inch or 18-inch lengths. Imported. UL-listed in US and Canada.

### Features:

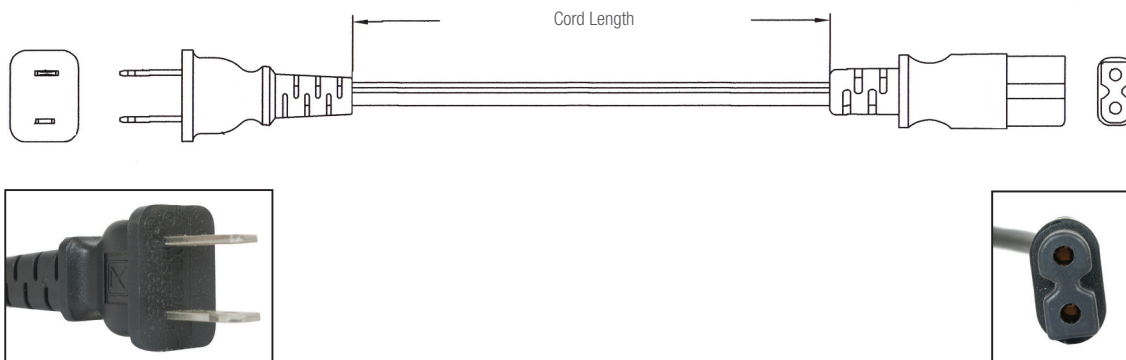

- 18-gauge flat conductor
- Straight plug
- UL-listed in US and Canada
- Imported

IEC power cords for satellite/cable use are available in 12-inch or 18-inch cord lengths.

### A & E Specifications:
