

B-G1-FPAR

1-Gang Architectural Faceplates for CNX-B Designer Keypads

Crestron® Architectural Faceplates complement any **CNX-B Designer Series Keypad** perfectly to deliver functional control with an alluring and distinctive style ideally suited to today's contemporary interiors. Elegantly crafted of aluminum, Architectural faceplates are offered in a variety of luxurious finishes.

Available finishes include four textured colors: Almond, White, Dusk, and Latte, plus Black Anodized and Stainless Steel. An unfinished model is also available to allow application of your own custom finish.

NOTE: Architectural faceplates are composed of aluminum and may not be suitable for use in a sterile environment.
