

4-PERSON WIRELESS LEARNING SYSTEM

Models CLS721-4, CLS725-4, CLS729-4, CLS747-4

1. Four Wireless Headphones
 - Unlimited number of headphones can be purchased separately
 - 100' wireless reception range from transmitter
 - Noise-reducing earcups lowers ambient noise levels
 - Rugged ABS plastic earcups and headstrap for durability
 - Rechargeable
2. Wireless Transmitter
 - 1/4" input to connect with chosen media player (cassette player shown for demonstration purposes)
 - 100' wireless reception range to headphones
 - 1/4" mic input for teacher instructions
 - Four (color-coded) VHF/FM frequencies allows up to 4 groups of any size to work in the same room simultaneously without distraction or interference from crossover frequencies
 - One year warranty for school use - unlike items purchased from consumer electronics stores whose warranties would be voided if used in schools

(Shown with optional cassette player and 2003 headphone rack)

Ideal for language learning, this wireless system (choose from 4 frequencies) includes a VHF transmitter (from your media player to the headphones), four wireless headphones, an AC adapter and a 6' cord to connect the transmitter to any type of computer or multimedia player (computer, cassette, VCR / CD or DVD player, television monitors).

Each of the four systems uses a different frequency with color coded hardware for easy identification. Up to four groups of unlimited size can work in the same area without any interference.

"Project Intercept"
