

KRAMER

EDU-Hybrid-ZR

Dedicated Zoom Rooms Hybrid Classroom Solution

EDU-Hybrid-ZR is a Kramer Classroom Solution that provides the foundation components for your hybrid classroom. Simple one-touch start-up and easy touch panel control make this solution ideal for in-class and remote hybrid learning. EDU-Hybrid-ZR's dual monitor support creates an intuitive learning environment with one display utilized for video conference participants, and a second separate screen for sharable lesson content. EDU-Hybrid-ZR supports up to 4K resolution and can be bundled with any of our Kramer pro-quality powered speakers for crystal clear audio and an incredibly immersive learning environment. Complete your hybrid learning system with your choice of Zoom Rooms compliant cameras, microphones, and other AV peripherals. This solution includes: KIT-Z100: ECU-Z100 hardware platform & KT-107Z touch panel controller with Kramer cloud-based control and management solution
