

Child-Sized Optical Computer Mouse

Model KM100

1. Reinforced connector resists pull out for safety
 2. Smaller size designed for use by younger students
 3. Rugged ABS plastic for durability and school safety
 4. USB and PS2 connection
- Optical tracking for higher accuracy and ease of use
 - 1 million clicks / one year warranty for school use - unlike computer peripheral products purchased from consumer electronics stores whose warranties would be voided if used in schools

Sized for younger students, this Mouse is ideal for beginning computer users with rugged ABS plastic for durability. Its bright colors, roller button functioning and optical tracking will help keep student's engaged and inspire computer creativity.
