

MOD-FPP2

Display size
46"-90"

Max load
422lb (192kg)

Modular Series Dual-Pole Free Standing Floor Plate

FOR WOOD OR CONCRETE FLOORS

Peerless-AV's Modular Mount Series features a full range of products to fulfill multiple requirements with a limited number of components. The universality of the components allows you to configure your own perfect custom flat-panel display or projector mounting solution for any application. The Modular Mount Series was developed with the professional AV installer in mind with a 2" (50mm) diameter support pole that can be easily cut to length on the job site making it ideal for new projects as well as for upgrading existing installations. The MOD-FPP2 pedestal base allows you to simply bolt the structure to the floor, eliminating the need for walls or ceilings when placing your display.

The dual pole design of the MOD-FPP2 provides additional strength and stability, so you are able to install larger displays within your application.

Additional Features

- ✓ Heavy duty flat floor plate
- ✓ Mounts to concrete and wood floor
- ✓ 422lb (192kg) max weight capacity when used with 4 displays in a back-to-back configuration (2 displays high max)
- ✓ 78" (2m) max pole length for free standing applications

DUAL POLES
Provides added stability with heavier and larger displays

MOUNTS TO WOOD OR CONCRETE
Works in almost any application

MOD-FPP2 Modular Series Dual-Pole Free Standing Floor Plate for wood or concrete floors
