

650 Anthony Trail, Suite D., Northbrook, IL 60062

1 year warranty on radios, 6 year warranty on hailer

Radio Hailer - Emergency Communication

RADIO HAILER COMMUNICATION SYSTEM

Easy to use in emergency situations. Lets you respond and communicate general information and alerts up to one mile or more. Great addition to mobile command centers.

- Use your own 2-way radios or AmpliVox 2 Watt MURS frequency transceivers (does not require FCC licensing). Two handhells are required: one acts as the receiver, the other as the transmitter.
- Includes amplifier (SW805A), horn speaker, wireless transmitter with lapel and headset mics and shoulder strap.
- Emergency Siren Button: Loud 120 dB siren.
- Weather resistant horn. Power rating: 50 Watts; SPL 108 dB.
- Battery operation. 10 "D" cells or optional rechargeable Nicad Battery Pack (requires S1460).
- Tripod mountable.
- Radio holder included.
