where design meets technologysm

JUMP DESK™

SPECIFICATIONS

- Laminate top with flex PVC edge banding
- T legs finished in silver powder coating and bull nose end caps
- Legs have feet dimensions 26 inches and 18 inches
- 1 inch floor leveler glides
- Overall size: 30 x 58 x 28
- Dock 150 Wireless Charger with pop-up USB charging
- The sit stand workstation's continuous force mechanism is enclosed within a central column beneath the desk surface — allowing users to alternate between sitting and standing postures without interrupting workflow.
- Available with single, double, or Humanscale M/Flex Monitor Supports
- Platform Height Adjustment: 18"

The JumpDesk top is perfect for one or two users in collaboration. There is always a place to sit, and always a place to stand at the computer workstation. The tapered end serves as a team space.
